Census Bulletin Fails to Show Where  
Increased Population Came From.

To the Editor of The Republican:  
Sir:—The full text of the census bulletin for these islands, as published in the Sunday issue of The Republican, is disappointing to the writer, as it must be to all other students of local social problems, in that it leaves out entirely the sources from which the accessions to our population during the past ten years were drawn. A publication of these, more especially for the period from 1893 to the time of taking the last census, would prove that.

First—A greater number of Asiatic immigrants arrived during the transition period of the sole administration than in any previous similar period.

Second—That the period of greatest activity in this immigration movement came after the flag raising of August 12, 1898.

How can you expect T. McCants Stewart or any other progressive man to think otherwise than that Mr. Dole as dictator proved his incapacity for the position of governor?

I use the term dictator because as a matter of fact he was the choice of a committee of thirteen in the formation of the provisional government, and later was voted the presidency of the republic by the very convention that created the latter. Said in another way, Mr. Dole had in his power to rule this country as he saw fit—and his every administration of the office has shown his deference to class demands.

This, presumably, is the condition of most profit to that element in our community represented by the Advertiser in its fight on municipal government. Every argument of that "holier-than-thou" sheet against the proposition is gist for the municipal mill. If the conditions today are what is claimed in this morning's article on municipal government, is it not better to cut short the career that could create such conditions, and try for something more in line with the spirit of Uncle Sam's constitution?

Writing of shotgun government, I would like to ask the truly good editor what sort of persuasion was in evidence during the past seven years and what he thinks it was for. Many, many times in those dreary seven years the supporters of the provisional government and the Republic of Hawaii had cause to regret the combination that was saddled in control of the government, but faithful to the purposes to which they had pledged themselves, the rank and file stood firm and fixed of purpose.

Today annexation is an accomplished fact, and in order to harmonize our government with that of Uncle Sam's domain, the rank and file are demanding municipal and county government, and they will have it. Under the beneficent conditions thereby created we shall see inaugurated a new immigration policy which in ten years' time will redeem to our civilization the ground so selfishly yielded to another civilization during the past ten years.

### A Cure for Chronic Dairrhoea.

"About five years ago I was troubled with catarrh of the lower bowel," says C. T. Chisholm, 484 Dearborn Ave., Chicago, and although I consulted several eminent physicians who prescribed for me, I found their remedies failed to in any way relieve me, and the trouble almost became chronic. After suffering several months, I one day concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and I beg to assure you that I was most agreeably surprised to find after taking two doses of the remedy that I was completely relieved of the disease that had cost me so much trouble and annoyance. I am thankful to say that I have not suffered from it since." For sale by Benson, Smith & Co., general agents for Territory of Hawaii.

The residence of the late Julius  
Hoting, on King street, has been sold  
to the Hon. Paul Isenberg, Senior.  
The price was \$13,500. The one-fourth  
interest of the minor son, Carl Hot-  
ing, by judicial authority, was ordered  
to be sold at public auction and was  
accordingly put up by James F. Mor-  
gan last Saturday. W. Pfotenhauser,  
acting for Mr. Isenberg, bought it for  
\$3,400, which fixed the rate at which  
the remaining three-fourths should be  
sold. The locality is a nice one and  
the house is pretty.

### Japanese Family Row.

Kimura, a Jap. residing in the relief  
camp at Housakaha was fined by  
Judge Wilcox yesterday for assault  
and battery on Hatchu, a Japanese  
woman, who was quarreling with his  
wife. The trial occupied the greatest  
part of the day. It appears that Mrs.  
Kimura and Mrs. Hatchu got into a  
row over the use of one of the camp  
cook stoves and the defendant inter-  
fered with too great violence.
